Difficult situation faced by Hongkong citizens of Indian origin

2682. SHRI JAGDISH PRASAD MATHUR: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government are aware of the imminent difficult situation that the Honkong citizens of Indian origin have to face because of transfer of Hongkong to China by Britain in 1997;

(b) whether Government propose to take up the matter with British Government or China to property accommendate them; and

(c) whether Government propose to accord Indian citizenship to those persons who may like to return to India?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI DINESH SINGH): (a) There are about 5,000 persons of Indian origin in Hong Kong who hold either British Dependent Territories Citizenship (BDTC) or British National (overseas) (BN(O)) passports, issued by the British Government. These persons are part of a group of approximately 3.25 million persons with similar status (British Dependent Territories Citizenship/British national (overseas) in Hong Kong. The holders of these documents are not entitled to the automatic right of abode in the United Kingdom. This category of persons, is however, expected to qualify for continued abode in Hong Kong after the territory reverts to Chinese sovereignty in 1997.

(b) and (c) The matter has been raised with the British and Chinese Governments. It has been the consistent position of the Government of India that the British Government has basic responsibility towards this group of persons and that it should take necessary steps to safeguard the status of these persons as British citizens. Government have also seen recent reports quoting a senior Chinese official that this group of persons did have the option of applying for Chinese citizenship. They can apply for Indian citizenship, if they so desire.
